

# The Micropalaeontological Society annual conference 2022

The annual conference of the Micropalaeontological Society will be held at **MARUM, the University of Bremen, Germany** between **9th and 11th November 2022**. After years of limited “in person” events, we are looking forward to a large turnout from the entire micropalaeontological community, especially from those within Europe. The conference location, the Hanseatic city of Bremen, is easily reachable by train, by air or even on sea!

Next to two full conference days (10-11th November), there will be an opportunity to organize half-day workshops on Wednesday 9th November, followed by the Icebreaker Party. Those wishing to suggest workshop topics ideas/wishes, please contact [tms2022@marum.de](mailto:tms2022@marum.de).

The theme of the conference “**The microfossil record of ecosystem response to global change**” and the scientific diversity of the targeted audience is illustrated by the keynote speakers:

	Dr. <b>Clara Bolton</b> , CEREGE, Aix-en-Provence, France	
	Dr. <b>Moriaki Yasuhara</b> , Swire Institute of Marine Science at the University of Hong Kong, China	
	Dr. <b>Sofia Ribeiro</b> , Geological Survey of Denmark and Greenland, Copenhagen, Denmark	
	Dr. <b>Nicolaas Glock</b> , Institute for Geology, Hamburg University, Germany	
	Dr. <b>David Lazarus</b> , Museum für Naturkunde, Berlin, Germany	

Further information can be found at the conference website:

<https://www.marum.de/en/Research/TMS-2022.html>

which we will update as the conference dates approach with links to the registration portal, abstract submission and further details. We expect to open early-bird registration late June – early July 2022.

We look forward to hosting you in Bremen,  
Sincerely,  
The TMS annual conference local organisers at MARUM!
